Set off on a Mayan adventure. You'll take off from Roatán's bustling airport and arrive in Copán for an unforgettable experience of one of the most dominant civilizations in the Americas, the Mayan Empire. The Mayans erected stunning stone cities and monuments that have marveled explorers and scholars. It created fascinating pottery, hieroglyphic writings, and renowned calendars. During your tour of Copán, you'll see an impressive architecture and symbolic artwork, such as the poetic scenes carved into the facades of its buildings. The Copán Valley was the site for many political, civil, and religious events. The Mayan leader, Yax K'uk Mo', arrived in 427 A.D. and a dynasty of 16 rulers followed and developed Copán into an iconic city where many achievements in math, science, agriculture, astronomy and hieroglyphic writings were made. The city declined by 1200 A.D. You'll witness the stages of Copán's evolution when you visit its temples, plazas, altars, and ball courts. You'll see pyramids and statues of kings and gods. Steps have been taken to conserve the site's design and setting.
